John Holland CPB Ghella (JHCPBG) has been awarded the \$2.81 billion contract to build the new twin railway tunnels as part of Stage 2 of Sydney Metro - Australia's largest public transport project.

With a new crossing under Sydney Harbour, the 15.5km tunnels will run from Chatswood, through the CBD to Sydenham. The project includes building complex underground structures for six new stations in Crows Nest, Victoria Cross, Barangaroo, Martin Place, Pitt Street and Waterloo.

We are looking for 18 school-based trainees to help us deliver this iconic project.
